LANGUAGES

- Italian – Native
- Turkish – Native
- English – Advanced

PROFILE

Computer Science student currently completing my degree, with a strong interest in software development and system design. Through academic and industry projects, I have gained practical experience in backend development and AI-integrated applications within enterprise environments. I am motivated to further strengthen my technical skills and contribute to the development of reliable and well-structured software systems.

WORK EXPERIENCE

AnswerConsulting – Industry Internship Project

2025

Software Atelier 5 – Università della Svizzera Italiana

AI-Driven Automation for Enterprise content and Workflow Management

- Contributed to the development of AI-driven workflows within an Enterprise Content Management (ECM) system
